

Junior Olympic Development Camp - Pistol

Dates: Jan 9-Jan 10, 2016
Location: Team Shooting Stars Airgun Range
2452 Fabens Rd., Ste J
Dallas, TX 75229-4536
Hours: 8:00am – 5:00pm each day
Fee: \$95.00 per Athlete*, \$35 per Coach

Entry Fee includes lunch each day, and instruction. Travel, lodging and transportation are the responsibility of the athlete.

One Coach/Adult is required per every three athletes; there can be no exceptions
(please indicate on your registration form if you need assistance with the adult supervision requirement)

This is an intermediate/advanced camp for coaches & junior pistol athletes with 1+ years of competitive experience looking to fine-tune their training approach, shooting mechanics, and mental game. There is a minimum requirement of 1 coach per 3 athletes. Please do not ask to waive this as it is not negotiable per insurance requirements. During the camp coaches will receive instruction on what to look for in the athlete's position and recommendations on how to fix problems. Comfortable attire is recommended - you will routinely be getting into and out of position. Let us know as soon as possible if you don't have enough equipment for all of your athletes so that we can help locate additional equipment. Required equipment: air pistol, sport pistol (if available), eye and ear protection, pellets and shooting journal.

Instructor: Steve Faught, USA Shooting Assistant National Pistol Team Coach

Steve started competitively shooting in college with smallbore rifle. Upon moving into the Bullseye and International pistol disciplines, he set 13 North Dakota state records, won NRA Indoor Air Pistol National titles and has earned both the Distinguished Pistol and Presidents 100 awards. Steve was inducted into the North Dakota Shooting Sports Hall of Fame in 2014. With USA Shooting, Steve has coached teams in Munich Germany, Plzeň Czech Republic and Guadalajara Mexico. He has helped design and run the Progressive Pistol Program and taught numerous coach schools and development camps at the Olympic Training Center and across the United States.
